

Why did so many leaders try to stop or trick Jesus into saying something foolish? Mostly because Jesus gave the people power. They didn't like it. They wanted to keep power for themselves.

God is love and love is God. Let's see how wonderfully artful you can snazz up the picture below.

Great Commandment

Mark 12

The scribes were church leaders in charge of what was written down about God. They didn't like that Jesus said he was the son of God. They tried to trick Jesus so they would seem more important.

The scribes tried to quiz Jesus on facts about God. They couldn't trick him because Jesus really was the son of God! He knew all the answers no matter what they asked.

It made the scribes super duper cranky. That didn't stop Jesus! Jesus kept preaching love.
