

When we're awake, the human brain has the capacity to produce 23 watts of power. That's enough to power an LED light bulb!

# Color That Stuff

"Wisdom" is learning new things and putting them into practice. It also means having good judgment and being wise. Color the wise king of the jungle below!

Jesus was tired. He was hanging out in a far-away country, and thought no one would recognize him there.

"Excuse me, Jesus?" asked a woman who lived there.

Jesus frowned. "What do you want?"

"My daughter is sick. Can you heal her?"

"My healing is only for God's special people," Jesus said.

The woman's eyes filled with tears. "I thought God loved all people no matter what. Isn't that what you teach?"

Jesus sighed. "I'm sorry," he said. "I was wrong. And you're right. Because you believe in God's love, I will heal your daughter."

The woman was so happy, she ran home and found that her daughter was all better.

Even though Jesus was God's son, he was also a human being. And sometimes human beings get it wrong.

# Great Big Word

## Jesus Learned

Just like all human beings, Jesus needed to learn something new.

Fun Stuff

Well Gee Whiz!

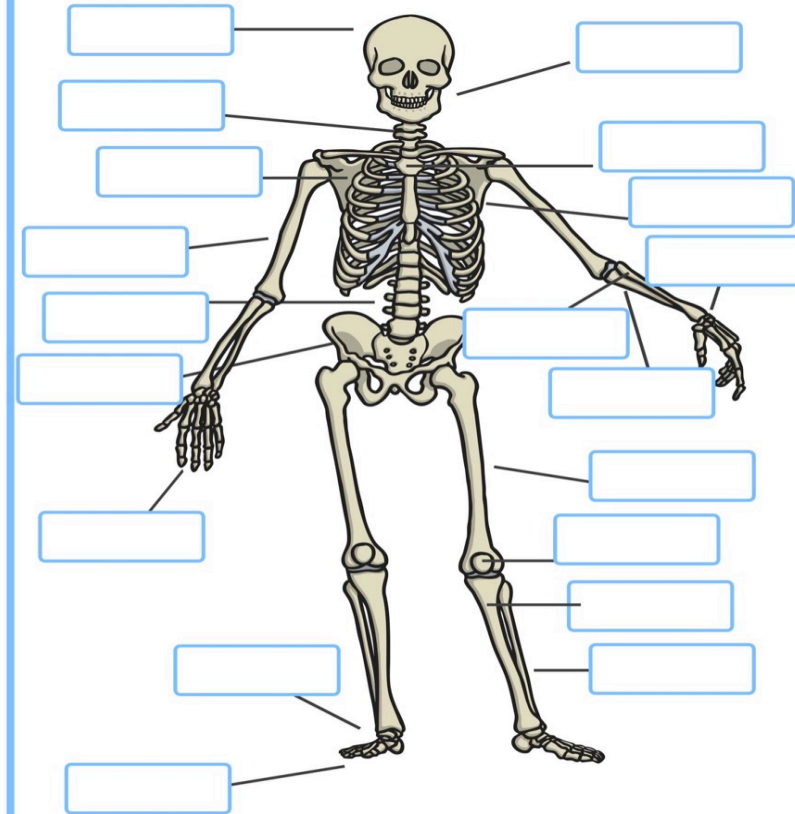

Let's see you use your wisdom to label a human skeleton! Use the labels on the left to write them in where they belong.

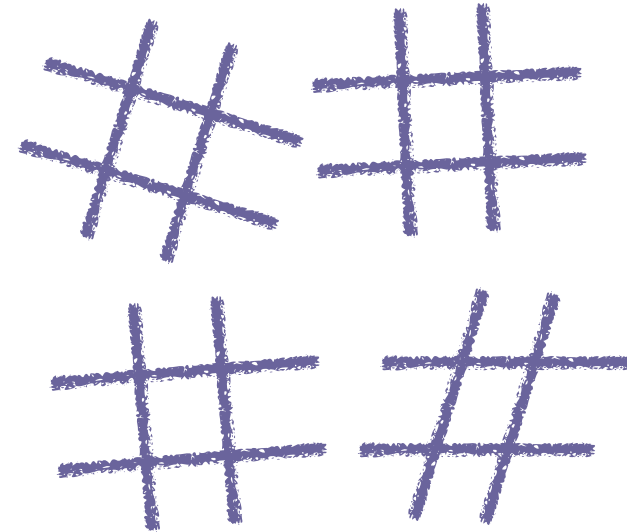

### The Human Skeleton

- skull
- neck bones
- shoulder blade
- upper arm bone
- backbone
- hip
- finger bones
- ankle bones
- foot bones
- lower jaw
- breast bone
- rib
- forearm bone
- elbow bone
- wrist
- thigh bone
- knee cap
- shin bone
- calf bone

### The Human Skeleton

## TICTACTOE

### Nice Quote!

Wisdom is not the product of schooling, but the lifelong attempt to acquire it.

- Albert Einstein, Physicist

Look up online with a trusted adult the song "Dem Bones." See what you can learn about the human skeleton and what bone is connected with another!
