

# Love fill up!

*What you need:*

- a paper towel
- a ball point pen
- a red marker
- a bowl with a small amount of water

*Instructions:*

First draw a heart towards the bottom of the paper towel

Then fill in the heart with red marker.

Then draw some hearts above the first heart. Talk about how there are other hearts in the world, in need of love. Talk about how God wants us to share the love God gave us with others.

Then place the bottom of the paper towel in the water. Talk about how the water is God's love, and we are able to share love.

As the water is absorbed, you should see the red marker shifting up to the other hearts, filling them. Talk about how we can share God's love.

And that's it. Very simple—**God wants us to share love with others!**
